NB. A stall pitch is defined as being 10 feet wide. It would be helpful if you could indicate  
the approx. depth required by each stall and sideshow you propose to operate.

All stallholders using fire or heating appliances (eg Bar-B-Q) will be expected to have a  
suitable fire extinguisher on site. Whilst we appreciate many of your groups are run by a  
skeleton of “staff” your small Festival Team would appreciate offers of assistance with  
stewarding during the afternoon. Please could you advise us of any member of your group  
that would be available for one hour’s help.
