Welcome to the Ickenham Festival

Welcome to the Ickenham Festival 2022. Due to the events over the past two years we had to cancel plans for 2020 and 2021. Now, hopefully, we are emerging from the pandemic and to a certain extent putting COVID 19 behind us, we are very much looking forward to Festival 2022.

Once again we are delivering this programme to every house in Ickenham free of charge. Many thanks to those of you who have brought a copy, your donation will go towards the next Festival. Contained within this programme are nine days of activities for everybody to participate in and enjoy.

The usual favourites are here including Open Gardens, Teddy Bears Picnic and The Great Sunday Duck Race, along with music, sports, flowers and walks. Peruse the programme and you will find plenty of new activities amongst the events held during the week.

Thanks go to the residents of Milton Court and surrounding roads for hosting Village Day. After being 'homeless' in 2018 the Festival Team decided to try and bring our activities into the centre of the community. We are glad to say that it was a great success and are excited about revisiting this year.

Our thanks go to Ella Summerfield for designing and producing this Festival programme. We appreciate her time and patience! Also, a thank you to Justin Otto for the use of his fabulous photos.

We invite you to enjoy the events during Ickenham Festival and join us on Saturday 18th June for the culmination of our hard work. We are sure it's been worth the wait.

Enjoy the week and look out for the green shirts out and about, David Edington (Chairman) and the Ickenham Festival Team.

Your Festival Team 2022

Memories of Alan Noad

From the beginning Alan was a very active member of the Festival Team. He took a great interest in School Art (and all things artistic). Alan and his wife, Janet also produced our Festival programme for many years.

Alan worked on various matters for the Festival such as contact with local shops, and publicity. Alan was a tremendous force in encouraging shopkeepers to participate and contribute. His persuasional skills could open doors (and tills!) with ease.

It was Alan who organised our Scarecrow competitions, and who managed our links to the churches (mainly because he was also the main feature writer for the ICN at the time).

By mid 2010's, Alan was less able to contribute but he was always there, pedalling down to the Village on his bike, to lend a hand and offer advice.

Alan was a keen photographer and many of us will remember him with camera around his neck capturing moments that would be included in Festival programmes, ICN and promotional material.

His tireless efforts led to Alan being awarded the Ickenham Festival Shield in 2004. This acknowledged not only Alan's work with The Festival, but also his huge support to The Churches, Home Guard Club and Neighbourhood Watch. The Shield is dedicated to those who demonstrate "The Spirit of Ickenham Festival" – and Alan Noad was one of our brightest stars in that regards.

HOW ELDERLY CARE AT HOME CAN SLOW THE PROCESS DOWN

Most people associate care with residential care homes and the end of independence. However, there is the option to stay at home whilst receiving dignified, professional elderly care.

Some people have lived in the same house for decades and it can be heart-breaking to leave it for an unknown place that might not feel as welcoming, familiar and have the cherished memories as your home does. It can also be extremely confusing to move someone with dementia out of familiar surroundings.

If you or your family member is struggling with day-to-day tasks, feeling lonely, need someone to take them shopping, attend medical appointments, or just need someone they can count on to provide care and help that is needed. That is exactly what we do at Home Instead. We provide bespoke, flexible older person's care that is dignified thanks to our compassionate, friendly CAREGivers.

We have found that when you start providing a little help at home to older people, it can help prevent accidents and delay the need to move out of their own house. Our CAREGivers build a strong relationship with their clients which allows them to spot any changes in their health or behaviour and take the necessary actions to prevent the situation from getting worse.

ICKENHAM FESTIVAL

The Ickenham Festival was founded in 1975 to make the community aware of local groups and organisations. A committee was formed and the first Festival was held in 1976. It was decided to hold a similar event bi-annually. We are self-financing and mainly depend on local fund raising and sponsorship to meet all our costs for this unique event.
